Conditions for Release, Rules and Restrictions Applying to the Liquid Metal Fast Reactor Core Thermal-Hydraulics Benchmark (LMFR-TH) with Special Provisions for THORS Data

1. Scope

These conditions apply to the release and use of data and other experimental information provided in the framework of the LMFR-TH Benchmark, including THORS Bundle 9 data, which is subject to additional export-control-related restrictions. Acceptance of these conditions is mandatory prior to obtaining access to the data.

2. Eligible Recipients

1. The data are released exclusively to participants in the LMFR-TH Benchmark Study.
2. Access to THORS Bundle 9 data is restricted to individuals who:
    - Are **citizens of an NEA member country**; and
    - Are affiliated with an institution located in an NEA member country.
3. Individuals holding multiple citizenships are eligible provided that at least one citizenship is from an NEA member country.
4. By requesting access to the THORS Bundle 9 data, the recipient certifies that they meet the above eligibility criteria.

3. Permitted Use

1. The data shall be used exclusively for research purposes related to:
    - Thermal-hydraulics model development, verification and validation;
    - Code improvement and testing;
    - Sensitivity and uncertainty analyses.
2. The data shall not be used for commercial purposes or for any activity outside the scope of the LMFR-TH Benchmark without prior written authorization from the benchmark organizers.

4. Non-Redistribution and Data Protection

1. Recipients agree not to copy, transfer, sublicense, sell, or otherwise distribute the data or any part thereof to third parties.
2. Access credentials and files shall be protected against unauthorized access.

3. Any request for access by additional users shall be directed to the LMFR-TH Benchmark organizers.

5. Feedback Obligation

Recipients agree to inform the benchmark organizers of any deficiencies, inconsistencies, or errors identified in the data.

6. Publications and Dissemination of Results

1. Recipients shall inform the LMFR-TH Benchmark organizers in advance of any publication, report, or presentation that makes use of the data.
2. Publications shall not reproduce or disclose the original data in a manner that enables redistribution.

7. Disclaimer

Neither the Nuclear Energy Agency at the Organization for Economic Co-operation and Development nor any person acting on behalf of the organisation assume any liability with respect to the use of, or for damage resulting from the use of the data and information released.

8. Acceptance

I hereby certify that I have read, understood, and agree to comply with the above conditions.
